Other News

Monthly Theme - Quality (Merriam Web-
ster) is a degree of excellence.

“The quality of a man’s life is in direct
proportion to his commitment to excel-
lence, regardless of his chosen field of en-
deavor.” -Vince Lombardi

Girl's Volleyball Team - Congratulations
to the girl's volleyball team for a great
season! The B-team finished undefeated at
8-0, and the A-team snatched second place
at 6-1 and second place at the tournament.

Patriots' Day - Patriots were colonists
who wanted independence from British
rule. Most hoped to find peaceful ways to
settle their differences with England. When
the British decided to look for Samuel
Adams and John Hancock, who were
hiding in Concord, Paul Revere and Billy
Dawes rode through the night warning
other Patriots in New England. The Ameri-
can Revolution began at Lexington on
April 19, 1775. Patriots' Day was
established to mark the beginning of the
Revolutionary War.

Environmental Awareness Day - Gaylord
Nelson founded Earth Day in 1970 to or-
ganize a national public demonstration that
would bring attention to the environment.
His efforts made environmental issues an
integral part of political debate. Environ-
mental Awareness Day marks the anniver-
sary of Earth Day.
